

AIR CANADA

Air Canada operates the only scheduled, year round non-stop flight from Brussels to Montreal. These flights offer excellent connections to Toronto, Ottawa, Quebec City, Halifax, Calgary, Edmonton, Vancouver and many more Canadian destinations. The route also opens up our network in the USA. Major cities with great connections through Montréal are: San Francisco, Los Angeles, Chicago, Boston, Washington and New York. US-bound passengers will go through US Customs in Montréal, which makes transferring to the USA even easier!
